

Reference for Tirzah Cadicamo Groom

To whomever it may concern;

Tirzah Cadicamo worked for me from February 4th to the 16th in my FEI barn as a groom. Her job responsibilities included feeding, turning out, stall cleaning, paddock cleaning, grooming, bandaging, medical care, and body clipping, as well as assisting the head groom at the weekend show. During her time here she impressed me with her hard work, attention to detail, honesty, and professional manner. She was always on time and willing to put in the extra hours required at a barn with horses competing at the CCI4* level. She was willing to learn and asked questions when unsure what to do next. While only with us for a short time she was quick to pick up on what was required of her and rapidly became an important part of the team. If you have any questions concerning Tirzah please do not hesitate to contact me.
